Southwestern Medical Foundation talks health

The Southwestern Medical Foundation presented “Leading the Conversation on Health,” the second in a series of “fireside chats” at Old Parkland on April 7. These talks are designed to bring together a diverse community of leaders focused on the future of health and provide a means to better understand the great strides being made in academic medicine, education and clinical care in the Dallas area, especially at UT Southwestern Medical Center. From left: Lee Cullum, Dr. Joseph Goldstein and Dr. Bruce Buetler.
