

Thank you for inspiring  
**A HIGHER STANDARD**  
in PUBLIC HEALTH

## COVID-19 RESPONSE

IMPACT REPORT

The tremendous service UT Southwestern Medical Center provides to our community has been strengthened by your generosity. Your contributions made it possible to support special needs that have arisen during COVID-19.

While there remains more to learn, much has been learned and much has been advanced in the practice of medicine and its reach to a broad population of people in need. Continuing the partnerships between builders, innovators, medical centers, and community leaders will help us sustain the promise of a better, brighter future that we have all worked so hard to achieve.

A GREAT CITIZENSHIP INSPIRED TO GREATER DEEDS

**\$6.19M** | 984 Donors

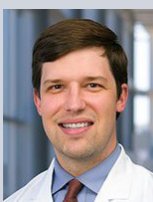

*The value of health and happiness to an individual who is afflicted cannot be estimated....the value to a community of a higher standard of public health is incalculable....the peace of mind that comes to any man to know that he has immediately available for himself and his loved ones the finest medical care that modern science can achieve is priceless.*

-Dr. Edward H. Cary  
Founder | Southwestern Medical Foundation

### COMING SOON: *PERSPECTIVES* MAGAZINE

The next issue of *Perspectives* will be out soon, with a focus on **inspiring a higher standard** in public health and lessons we take forward from the experience of COVID-19.

*"We find ourselves moving and shifting from pondering the many factors we could not control at the outset of COVID-19 to the many factors we can now indeed control."*

Dr. James (Brad) Cutrell, Program Director, Infectious Disease Fellowship Program | UT Southwestern  
▶ Winner of the 2007 Ho Din Award
